THE MIRACLE MAN

BIG AUDITORIUM FILLED TO
OVERFLOWING BY CROWDS
EAGER TO SEE FINE
PLAY

Before eight o'clock Tuesday evening every seat in the big auditorium of the Palace Grand Theatre was occupied and the ushers were trying to find niches where chairs could be placed to accommodate the overflow crowd eager to see the great photoplay, "The Miracle Man." By 7:15 patrons determined not to miss seeing it in comfort were on hand at the box office and when the orchestra players took their seats in the pit and ticket selling ceased, many disappointed ones had to be turned away.

The play is a story of regeneration, the story of the effect of a good thought and a pure environment on a group of hardened crooks who made it their business to fleece the public and trade upon the generosity of the sympathetic. The first scenes show these characters in the slums of New York and then they are transferred to the remote village upstate where the Miracle Man has his home where all is honesty and sincerity. The manner in which they come to realize what they really are and their restoration to decent living make a strong play and a vivid moral impression. All who attend the play go away boosters and it is therefore not surprising that the audiences increase in numbers. Its last presentation takes place tonight.

PACIFIC ELECTRIC CAR NEWS

Pacific Electric employs state that the Glendale and Edendale lines are to be transferred from the northern division to the western division. They also say they have good authority for promising that on the 16th of this month or soon after, early morning car service from Glendale to Los Angeles will be restored and a car will leave North Glendale at 5 a. m. In order to make this run it will leave Los Angeles at 4:15 a. m. Early cars in the past have had surprisingly large patronage and probably will again.

MADRIGAL CLUB

The Women's Madrigal Club met Monday afternoon for its regular rehearsal at the home of the conductor, Mrs. Charles Parker, where there was good stiff practice in the "Snowstorm" by Rogers. The organization now has members as follows: Mesdames M. J. Jones, J. E. Moode, Geo. H. Herald, R. A. Puffer, F. R. Buchanan, J. A. Wright, H. V. Henry, John Baum, A. A. Barton, Opal Greenwalt, G. D. Roach, C. J. Tuttle, Marion F. Young, Hartley Shaw, L. E. Richardson, Mabel Smith, L. N. Hagood, Charles Parker, H. B. Howeth, J. T. Crampton and Misses H. Van Pelt and N. Mai Williams.

HIGH SCHOOL NOTES

PETITION CIRCULATING FOR
HIGH SCHOOL CLASSES IN
MILLINERY AND SHOP WORK

A petition is being circulated for the establishment of a night school in connection with the High School which it is rumored will be presented at the next meeting of the Board of Trustees of the school. Most of the applications are for shop work and auto mechanics, but a group of ladies who live in Eagle Rock are asking for an evening course in millinery. Should the Board decide to arrange for this instruction, the Mechanical Arts Building, which has been equipped with electric lights, will be available for the purpose.

Third-year girls who are taking training in the Industrial Art Department at the High School are now making designs for stained glass windows and enjoying the work very much. As a preliminary they visited some of the churches to study memorial windows. The students who are doing this work under the instruction of Miss Irene Mueller, head of the department, are Alberta Bertram, Helen Engle, Eloise Franc, Inez Harrison, Mildred Meeker, Agnes Baxter, Gertrude DuBois, Frances Gauntlett and Gertrude Van Ben-thenus. Not long ago a Los Angeles newspaper stated that the only department for the teaching of industrial art in the public schools of Southern California was to be found at Lincoln High, whereas this department has been in existence in our own High School for four years.

Miss Frances Gauntlett was the girl who executed the design for the cover of the Tuesday Afternoon Club year book.

PLEASING RECITAL

SALMACIA BROTHERS PRESENT
ARTISTS IN MUSICAL GIVEN
THEIR PATRONS

A delightful concert was enjoyed by several hundred music lovers of Glendale Tuesday evening in the commodious and attractive salesrooms of the Glendale Phonograph & Piano Company. It was given by the Salmacia Brothers as an expression of appreciation of the patronage which has come to them from Glendale citizens. It was so well received that they plan to make it an annual event. Prominent in the list of artists was Arthur Gramm, formerly director of the orchestra in the Knickerbocker Theatre, New York, and a leading violinist in the Philharmonic Orchestra of New York. He has recently come to California and bought a home in Casa Verdugo. When he consented to appear upon this program the Messrs. Salmacia considered themselves most fortunate in being able to offer such a treat as he gave the audience in the three violin numbers which he gave. He was warmly encoored as was also our own Louise Hand after charming whistling numbers. Ruth Mitchell, a Los Angeles concert soprano, who has appeared in many concerts at Trinity Auditorium, rendered several operatic solos very beautifully. Her sister, who is a pianiste, gave a wonderful interpretation of Moszkowski's celebrated and very difficult waltz, her technique being little short of phenomenal.

The demonstration of the wonderful work of the Knabe-Ampico Reproducing Piano, which reproduces so exactly the playing of celebrated artists that it is almost uncanny, greatly interested the audience, especially as the keys move in response to an invisible touch as though the spirit of music divested of the flesh were present.

It was a most interesting occasion and it is safe to predict that the public will look forward to future concerts given by this firm.

LOCAL BOY MAKES GOOD

RALPH TAYLOR AFTER HIGH
SCHOOL TRAINING AND 6 MOS.
AT SEA WINS HIGH RANK

Arthur Oliver, head of the department of Mechanical Arts of Glendale High, takes great satisfaction in the proof which has just come to him of the practical value of courses which are being provided there. One of its students, Arthur Taylor, who specialized in marine engine work, some time ago went into the Merchant Marine and after serving the prescribed trial period in the engine room of the steamship Iris, was allowed to take his examination before the Board of Examiners. He passed with a grade of ninety-six per cent. This made him eligible to a position on any steamship as Junior Engineer. He secured a berth on one of the lines going to Honolulu and returned Monday from his initial trip. He has a bright professional future ahead of him. Mr. Oliver declares, as he has great natural ability and can now go forward and become a Senior Engineer and secure other promotions if he will work for them. All of his theoretical preparation was secured here and he has had only the six months of sea work mentioned.

GLENDALE ON THE MAP

The Glendale community should have a prominent place on the map among other cities of the Southland from now on as the city now has two booster organizations. For nearly a year the Greater Glendale Development Association with Norton C. Wells as its president and C. D. Lusby, secretary, has been very much interested in the welfare of the community. The industrial committee, under the leadership of Roy L. Kent, has been doing very active work, and this evening, at 6:30 o'clock, a banquet will be held at the Masonic Temple by that organization at which time B. S. Young, of Los Angeles, will speak on the subject of "Industries Knocking at Our Door." The report is out that a million dollar corporation is knocking at our door, ready to start operations at once. Shall we open the door or forever keep it shut?

The Glendale Chamber of Commerce has just been revived with J. W. Usilton as president and R. M. Jackson as secretary. It is understood that these gentlemen have many worthy projects in mind which will come to light later.

Under these conditions there will be a chance for every citizen of Glendale to get on to a booster wagon. Choose one of them, or both of them and get busy.

RUSSIAN OFFENSIVE SUCCEEDING

PART OF CITY OF RIGA BURNING AS RESULT OF GERMAN
BOMBARDMENT

(Special Service to Glendale Evening News)

LONDON, Oct. 15.—Part of the City of Riga is burning, according to a Helsingfors dispatch reaching here today. It was set afire by the German bombardment. A report from Reval indicates that the Russian Northwestern Army is meeting with pronounced success in its offensive against the Bolsheviks.

PRESIDENT'S IMPROVEMENT CONTINUES

NO RECURRENCE OF TROUBLE WHICH CAUSED REST-
LESSNESS MONDAY NIGHT—CONDITION ENCOURAGING

(Special Service to Glendale Evening News)

WASHINGTON, Oct. 15.—The President's physicians today issued a statement shortly before noon saying: "The President had a good night's rest, enjoyed his breakfast and aside from a slight headache continues to make improvement. The condition which caused his restlessness Monday night and about which Dr. Fowler was consulted, gave no trouble during the night."

CALIFORNIA FRUIT MOVES

QUANTITIES OF ORANGES ACCUMULATED DURING STEVE-
DORES' STRIKE NOW REACHING NEW YORK MARKET

(Special Service to Glendale Evening News)

NEW YORK, Oct. 15.—Enormous quantities of perishable fruit which had been piling up in warehouses of railroad terminals at Jersey City and other nearby points during the stevedores' strike, began moving into the city this morning following a settlement of the strike. Vast quantities of California oranges and grapes and Washington, Oregon and Montana pears and apples were sold at the opening of the market.

The strike had tied up nearly 250 ocean steamers which must be unloaded and loaded again before they can put to sea.

COAL STRIKE ORDERED

NOVEMBER FIRST DATE SET FOR WALK-OUT OF ALL BI-
TUMINOUS MINERS IN UNITED STATES

(Special Service to Glendale Evening News)

INDIANAPOLIS, Ind., October 15.—John L. Lewis, acting president of the United Mine Workers of America, issued an official call today for a strike of 400,000 coal miners on November 1. The order affects all bituminous coal miners in the United States. It was issued following the failure of a final attempt of operators and union leaders to reach an agreement.

LIEUTENANT MAYNARD FLYING HOME

REACHES SALT LAKE CITY BEFORE NOON TODAY ON HIS
FLIGHT TO MINEOLA, N. Y.

(Special Service to Glendale Evening News)

SAN FRANCISCO, October 15.—Lieut. Maynard, the flying parson, who left San Francisco yesterday to fly back to Mineola, N. Y., in the transcontinental air race, wired the United Press shortly before noon today that he had reached Salt Lake City, Utah.

WIDE LATITUDE IN SHANTUNG DEBATE

SENATOR OWEN FAVORS AMENDMENTS; SENATOR COLT
RESERVATIONS IN PEACE TREATY

(Special Service to Glendale Evening News)

WASHINGTON, October 15.—One Democratic Senator, Owen of Oklahoma, came out today for amendments in the peace treaty while one Republican, Colt of Rhode Island, came out against amendments but for reservations. Both were addressing the Senate during the debate on the Shantung question. Owen asked for an amendment giving freedom to all subject peoples when they are capable of self government. Although the debate was supposed to be on the Shantung question, it took a wide latitude.

ARMY RAIDS "RED" HEADQUARTERS

EIGHTEEN ARRESTS MADE AT GARY IN RAID ON FORTY
HOUSES SUSPECTED OF HARBORING AGITATORS

(Special Service to Glendale Evening News)

GARY, Ind., October 15.—Army authorities raided forty houses between midnight and dawn today suspected of being headquarters for radical agitators. They arrested eighteen alleged "Reds" and carried away truck loads of incendiary literature. This make a total of fifty-eight now under arrest.

The authorities intimated today that today's raids were merely a starter. A secret list of 700 alleged "Reds" has fallen into the hands of the military authorities and every man on the list is to be investigated.

IN GOD'S COUNTRY

H. E. NOBLE BURNS BRIDGES BE-
HIND HIM AT ALVA, OKLA.,
AND RETURNS TO GLENDALE

H. E. Noble, of 327 North Jackson street, returned Sunday from Oklahoma after effecting the sale of property he owned at Alva, Okla. It was the home occupied by himself and Mrs. Noble until they came to Glendale last spring, and was a mansion of fourteen rooms on a lot one hundred by 190 feet in depth. Mrs. Noble was a little nervous when he went for fear his old friends would persuade him to stay there and she likes Glendale better, but her anxieties were put to rest when a neighbor congratulated him upon his return and Mr. Noble replied: "Yes, I'm back in God's country." Alva had had no rain since June until just before Mr. Noble left there and during his stay there he suffered considerable discomfort from hot winds and dust. He has now burned his bridges behind him, she says, and is here to stay.

Mr. and Mrs. Noble are this week entertaining Mr. and Mrs. George D. Carter, of McFarland, former residents of Glendale. They came Sunday evening and are returning today.

ACUTE SHORTAGE OF STOCKS

Irving Oliver, business manager of the High School, says that never before has he experienced such difficulties in buying the various supplies he is called upon to purchase for the different departments of the High School. In many lines it is no longer a question of price but of getting stock at any figure. He cited one tool ordinarily to be found in abundance in all good hardware stores of which the manufactured stock has been so exhausted by war that it is next to impossible to locate any of the tools. Not only were they not to be had here, but he made the rounds of wholesale and retail establishments in Los Angeles and succeeded in getting just one. A year ago he was able to buy just two of them. This situation applies in many departments, he says, and is worse than a year ago because now the shortage is becoming acute. He spends so much time hunting for things that his other work is running behind, he says.

CHAMBER OF COMMERCE RE- VIVED

Upon request of several old members of the Glendale Chamber of Commerce, the president called a meeting of the Chamber for Tuesday evening, October 14th, to be held at the City Hall. The meeting was held according to call. J. W. Usilton was elected president of the revived organization and R. M. Jackson was elected secretary. A meeting will be held in the City Hall next Tuesday evening, at which time further steps will be taken to elect other officers as required by the rules of the Association.

It will be remembered that Messrs. Usilton and Jackson were at the head of the Chamber three and four years ago.

LETTER FROM OLD RESIDENT

Mrs. Danford, city librarian, has received a pleasant letter of congratulation from Mrs. Lillian Sykes Wells, a former resident of Glendale who was one of the group responsible for the founding of the library. She was also prominent in club circles. Canyon Crest was her home when here and she now resides in Baldwin, Fla. For a number of years she was secretary of the library board and during her term of office compiled a history of the library which is now on file in manuscript form at the library and which has been kept up ever since. It contains information of interest which will grow more valuable as the years pass. In her letter she congratulates Mrs. Danford and the board on the fine annual report, of which she had received a copy, saying it is evident the people's money is being spent intelligently and she hopes the citizens of Glendale are taking advantage of the opportunities the library is offering them and attaining a higher standard of citizenship.

NEEDED IMPROVEMENT

The Glendale Taxi Association under the direction of A. F. Wilson are building a very neat brick office building on a lot south of the Chaffee grocery. There are eight or ten drivers interested in this project. It is their plan to park on the lot at the rear of their office, and by so doing they will not be blocking traffic, and will have the authority to control their own business and thus be enabled to connect themselves with reliable drivers.

WOMAN'S CLUB OPENS

MEMBERS OF TUESDAY AFTER-
NOON ORGANIZATION GATHER
FOR RECEPTION, PROGRAM

Interest in the opening day of the Tuesday Afternoon Club was evidenced by an attendance which completely filled the auditorium of Masonic Temple and by the enthusiasm with which the program was received and greetings exchanged. A pretty floral setting in which marigolds and flowers of similar coloring were employed had been provided by Miss Coral Griffith, Chairman of Decorations, and at the close of the afternoon during the social hour, refreshments of cake and tea were served by the Hospitality Committee, of which Mrs. A. D. McCoy is chairman.

The first half-hour was in the nature of a reception by officers and directors. In the receiving line were: Mrs. A. W. Tower, president; Mrs. Charles H. Temple, first vice-president; Mrs. Freeman Kelley, second vice-president; Mrs. Albert D. Pearce, recording secretary; Mrs. Andrew Findlay, corresponding secretary; Mrs. John Robert White, treasurer, and Mesdames C. E. Norton, William F. Nash and E. W. Kinney, directors.

The program was brief and included violin numbers by Mrs. Marion Hobbs Higgins of Los Angeles, an artist who interpreted exquisitely "Meditation" from Thais by Massenet; "Liebesfreud" by Fritz Kreisler, "Chante Negre" by Kramer, and for an encore the delightful "Humoresque" by Tchaikowski. Miss Gertrude Champlain accompanied upon the piano, most charmingly.

The address of the president opened with a word of greeting to old and new members and then contrasted conditions now and one year ago (Continued on Page 6)

GLENDALE NEEDS HOTEL

A good hotel is needed in Glendale more than anything else, says B. F. Patterson, one of the oldest residents of this place. This gentleman says Glendale should be ashamed to be in a position that she cannot entertain people in a decent manner. He said he visited Whittier a few days ago and learned that local capital in that city is erecting a mammoth hotel. Mr. Patterson recommends that a stock company be formed in Glendale for the purpose of building a suitable hotel. He says he is ready to subscribe for stock.

ROOT'S TEAM WINS

HIGH SCHOOL BOYS TO SPEAK
AT Y. M. C. A. CONFERENCE
IN MONROVIA

Team No. 4 of the Y. M. C. A. canvass, captained by W. D. Root, took first place in the success of the day as reported at the evening gathering of the solicitors. His team reported \$215, while Team No. 2, captained by J. W. Staffacher, was a close second with \$200. The total reported to date is \$2499, leaving a balance of \$301 to be secured. It is expected that this sum will have been reached by tonight as there were still several good prospects who had not yet been seen.

Any further reports or information regarding the canvass can be secured by getting in touch with T. A. Wright in the Wright Bldg., on East Broadway.

A few of the leading High School boys met today for a luncheon at the White Inn to plan for a delegation of High School boys to represent Glendale at the Sixth Annual Older Boys' Conference of the County Y. M. C. A. to be held at Monrovia Saturday afternoon and Sunday of this week. The conference theme is "Challenges," and representative speakers from the student bodies of more than a dozen high schools have been secured for the occasion as well as two or three men who will attend the assembly.

ALLEN FAMILY REUNION

A reunion of the Allen family, which will be attended by seventeen representatives of five families and which will occur on the 17th of October, is to take place at the home of Dr. and Mrs. R. V. Hogue at 230 West Colorado street. Mr. and Mrs. F. B. Allen, brother and sister-in-law of Mrs. Hogue, are now en route from Denver and Will Allen and family of Beaumont will also be here. Mr. and Mrs. Will Allen will afterwards go to Prescott, Ariz., where they will make their home for some time to come.

WEATHER FORECAST: Partly cloudy tonight and Thursday. No important change in temperature.

MAKE AN APPROXIMATE GUESS

The Glendale community has been thoroughly awake so far as building new dwelling houses is concerned in the past few months. The building has been going on so uniformly in various parts of the city that the person who does not frequent all parts of the city is not aware of the real enterprise along this line. An announcement will be made in tomorrow's issue of the Evening News as to the approximate number of new dwelling houses that have been built since January 1, 1919.

In the meantime it may be interesting for the Evening News readers to make a guess as to the number of buildings and the approximate cost of the same.

IMPORTANT TO SERVICE MEN

The Bureau of War Risk Insurance wishes to emphasize the importance to service men of one of the provisions of the War Risk Insurance Act upon the fulfillment of which may depend the validity of their claim to compensation under the Act.

The War Risk Insurance Act provides that "No Compensation shall be payable for death or disability which does not occur prior to or within one year after discharge or resignation from the service, except that where, after a medical examination made pursuant to regulations, at the time of discharge or resignation from the service, or within such reasonable time thereafter, not exceeding one year, as may be allowed by regulations, a certificate has been obtained from the director to the effect that the injured person at the time of his discharge or resignation was suffering from injury likely to result in death or disability."

The Story of a Turret Captain
Promotion in the Navy comes quickly to those who qualify for higher ratings. In March 1899 A. P. Nilsson enlisted in the Navy as an Apprentice Seaman, 3rd class. In April 1907 he was rated Chief Turret Captain. His pay today is \$165.76 per month.

A man's life — among men!

Reel them off—"Rio", Gibraltar, Ceylon, Yokohama—all the great ports of the world—are they only places on the map to you—or are they ports where you've gone sailing in from the high seas with every eye along the shore turned admiringly on your big ship—your ship! Every ocean has a United States ship sailing for some port worth seeing.

If you've any call in you for a full life—join, and color all your years ahead with memories of things worth seeing—with knowledge worth having—with an inexhaustible fund of sea tales and adventures picked up ashore and

afloat that will make you a welcome man in any company.

Work?—sure, and a man's work it is, among men.

Play?—well, rather, with a bunch of men who know how to play. These comrades of yours carry in their ears the sounds of great world cities, of booming guns, of swashing seas—sounds you will share with them and that will never die away.

And when you come home, you'll face life ashore with level eyes—for Uncle Sam trains in self-reliance as well as self-respect. The Navy builds straight men—no mollycoddles.

Enlist for two years. Excellent opportunities for advancement. Four weeks holidays with pay each year. Shore leave to see inland sights at ports visited. Men always learning. Good food and first uniform outfit free. Pay begins the day you enlist. Get full information from your nearest recruiting station. If you do not know where the nearest recruiting station is, ask your Postmaster. He knows.

THREE DAYS OF MIRTH AND CHEER

The County Fair and Festival, which is taking place at La Ramada Thursday, Friday and Saturday of the present week, is providing a good time for everybody in the community. Knowing that the Elks are good sports Friday evening has been selected for Elks' Night and they will be given plenty of entertainment; the committees who are responsible for the various attractions are a guarantee of excellence. For instance, Mrs. C. E. Norton, of North Maryland, is responsible for the fortune telling and the goose game. Mrs. Salmacia and Mrs. Keleher will supervise the dancing, and Mrs. Streit and Mrs. Bishop will dispense sandwiches, doughnuts, coffee and hot dogs. There will, of course, be the usual booths with ladies presiding over them as follows: Cooked food and preserves, Mesdames Quinn

and Burr; candy, Misses Wendell and Ruprecht, Mesdames Bresnahan and Stewart; aprons, Mesdames Ferry, O'Brien, Chapin and S. Clark; ice cream and cake, Mesdames Farrell, Dodson and Barlet; rag rugs, Mrs. Seright; decorations, Mrs. Doll; fancy work, Mesdames Duffet, Lawson and Leslie; country store, Mr. Monahan and Mrs. Henry.

A special table will be provided for the Knights of Columbus and everywhere Father O'Neill will be in evidence, for the Fair is a benefit for the Holy Family Catholic Church and the Father has the responsibility of the spiritual welfare of all its members since he is the officiating priest and the good friend of all who attend upon its services. Besides all the good cheer to be obtained from the things already enumerated there will be entertainment provided by Mr. Mellish and Miss Yorba who are too well known to Glendalians to need any introduction.

HYMN OF HATE SEEN IN ANTI-FRENCH EDITORIAL

By CARL D. GROAT
(United Press Staff Correspondent)

BERLIN. (By Mail). — Something akin to a "hymn of hate" is rising up in Germany against France.

So far it hasn't found emphatic expression in the press. But, every move on the part of the entente which displeases Germany is generally attributed to the influence of Clemenceau and Tardieu. And, there is an undercurrent of talk which suggests that some day—not in this generation probably, but later—there will be new trouble in which Germany and France will again fly at each other's throats.

Theodor Wolff, editor of the Tageblatt, a man of sane judgment, and mild language, took occasion in a recent issue of his paper to give France a lecture on neighborliness. While he didn't exactly sing a hymn of hate, he did point out quite significantly that, even though France had been sinned against, she might stupidly stir up new trouble for herself if she did not take a new tack.

The occasion for most of his remarks was the alleged quotation of the French socialist, Albert Thomas, who recommended the "peaceful penetration of the left Rhine bank;" as well as the recent allied demand for alteration of the German constitution as respects Austrian representation in the Reichsrat.

Most of his remarks were directed squarely at France. "Previously, France and the other entente powers," he wrote, "through all their measures, conditions and decisions have, like the German Independents, strengthened nationalism and the counter revolutionary and militarist reaction in Germany."

The French deputies, he complained, had gone on the theory that the treaty was too mild and that it did not offer sufficient security for France.

"We have always said," Wolff continued, "that a great folk cannot always be laid in chains. Since one cannot exterminate such a people (the Germans) nor drown them in the sea, it is always the part of wisdom to prepare for their living as neighbors and together."

"But Clemenceau and Tardieu, as well as most of the deputies, will not go this path. The single idea of these parliamentary critics of the treaty is that the entente has done wrongly in allowing Germany to exist."

Wolff insisted, too, that there was more "Prussianism" and more of a "yoke" about the authorities in Paris than in all Prussia. His article was written on a vacation in the mountains, and from nature he drew a simile which, translated between the lines, meant that France would do well to proceed carefully, lest she stir up a nation and weld it anew

against her. What he claimed were French-inspired attempts to separate some of the Rhineland regions from France, he pointed out, were having an adverse effect.

"Here in the mountains," he concluded, "one sees the little rivulets which despite all hindrances force their way through and reach the free valley below, because for powers which constantly renew themselves there is always an exit. That is a spectacle which is not surprising but rather comforting and instructive."

And, from quite another source—the conservative Deutsche Tageszeitung, an organ of the "right" side—comes the thought that Germany some day wants to use her army as an "influence on the outer policy" of the nation. While the writer carefully avoided all appearance of trying to suggest dodging the peace treaty terms—and in fact wrote to the contrary—his editorial gives the impression that silence as to the

army is necessary lest the entente watch too closely what is going on. The writer says that many people want to see the army so built up that virtually all of its personnel can serve later as officers or instructors. But such public discussion says the Tageszeitung only hinders the building of the new army because it makes the entente more attentive as to what is going on.

BERKELEY, Oct. 15.—The U. S. government insectary, which is now in this city, may be moved to Sacramento according to Theodore Urbahn of the Federal Bureau of Entomology, who is in the latter city searching for a new location. The insectary will be an experimental station.

STANFORD UNIVERSITY, Cal., Oct. 15.—Dr. A. D. Browne, recently appointed to the position of medical director at Stanford, has just given out a new athletic policy which he has outlined as fitting the needs of Stanford students. "It is my plan," says Dr. Brown, "to start at the bottom of a pyramid, of which the varsity team composes the top. The bottom is made up of various groups and affiliations on the campus. By getting these groups interested in competition it will be possible to get everyone in each affiliation out for his particular team, whether this be football, cross country running, or any other form of athletics. The coach then will have the best picked men in the entire university from which to choose his team."

JAPAN BUILDING WAR SHIPS

TOKYO, Oct. (By Mail to United Press).—The government has decided to build two battle-cruisers and twenty-two other warships commencing the next fiscal year and the estimates for these ships will be submitted to the next session of the Diet for approval.

The battle cruisers, according to Japanese language newspapers, will be of the 40,000-ton class and their cost of construction is estimated at 120,000,000 yen; three light-cruisers will be of 5,000 tons each and the

cost 27,000,000 yen; six destroyers of 800 tons each at 30,000,000 yen; and three river gun-boats at 2,250,000 yen, the total construction program amounting to 188,800,000 yen.

The disbursement of the above mentioned expenditure is to be spread over three years from the next fiscal year and the building of two 40,000-ton battle-cruisers is for the purpose of completing the "eight-and-eight" squadron which has been decided upon by Japan as necessary for the defense of the country.

Mrs. Elmer Glassburn, a former resident of this city, was the Sunday guest of Mr. and Mrs. E. E. Harwood.

Miss Gladys Lampert entertained with a theatre party Friday evening, October 10th, in honor of Miss Grace Shropshire, who is making her departure for Lawrence, Kansas, within the next few days.

Rev. J. Marion Smith, the new pastor of the Central Methodist Church, occupied the pulpit there last Sunday at both morning and evening services. Rev. Munger, the former pastor, has been assigned to Annandale, but can find no house there, so has leased one temporarily in Glendale. He is vacating the parsonage and Rev. and Mrs. Smith will move in today or tomorrow. Mrs. Smith is said to be a fine singer.

Rev. C. R. Norton who, with Mrs. Norton, is visiting in the east, writes from Fairfield, Iowa, that they are enjoying their trip and visit highly, for they are being treated royally everywhere and by all they meet. However they are anticipating their home coming. They send greetings to all their friends and say they will have much to tell when they get home. They expect to reach Glendale November 1st.

Edwin Virden, the druggist, at the corner of Los Feliz and San Fernando Road, was taken to the Good Samaritan Hospital in Los Angeles Tuesday to undergo an operation. Reports up to this time are favorable and he seems to have come through the ordeal in excellent condition. The Virdens have sold the house in Los Angeles in which they have been living and purchased what is known as the McKinney house on Eulalia street next to the Sharpe house. They hope soon to secure possession and move back to Glendale.

UNITY CHAPTER NOTICE

Unity Chapter, 116, R. A. M., will hold its regular convocation Thursday evening, October 16th, at 7:30 p. m., Masonic Temple, Glendale, at which time the Royal Arch Degree will be conferred.

DANCE

The Entertainment Committee of Unity Lodge, No. 368, F. and A. M., will give a benefit dance Friday evening, Oct. 17th, 8 o'clock, in the Social Hall of the Masonic Temple, 232 S. Brand Blvd. Tickets \$1.00 per couple.

ENTERTAINMENT COM.

J. F. Stanford, builder of homes, has opened an office at 117 South Brand boulevard, with A. A. Barstov in charge.

Mrs. Jane E. Riftenberck of 1513 San Fernando Road, entertained the croquet club last week with an elaborate mid-day dinner. The guests for whom covers were laid were from Glendale, Los Angeles and Whittier.

Mrs. Ida B. Potter, 143 North Everett, having suffered from a very serious attack of appendicitis and other complications, is able to be about again, owing to a very successful operation performed by Dr. T. C. Young, at Thornycroft Hospital.

Louis Gabaig, a Glendale boy who returned from overseas service a few months ago and who for some time was in the employ of Robinson's Transfer Company has accepted a position in Los Angeles and taken up his residence in a hotel there. The very first night he was robbed of all the money in his clothes, about \$70.

RUINS OF CLIFF DWELLERS

Mr. and Mrs. Olin Spencer, who recently returned from an auto trip to Colorado points, seem to have had an unusually pleasant and profitable experience in spite of a few minor mishaps. They spent sixteen days on the way and fifteen in returning and slept under a roof only one night during their journeyings when it was raining. Also they gave little patronage to restaurants as they had their own very satisfactory camp outfit. They visited and enjoyed the Grand Canyon of the Colorado, but more they enjoyed the Mesa Verde Reservation in Southwestern Colorado which is now a national park wherein are very wonderful ruins of the Cliff Dwellers. These have been preserved and restored by the government which has built fine auto roads to make them accessible. Mr. Spencer says they are much finer than the ruins in New Mexico and Arizona reached by the Santa Fe.

PRACTICE FOOTBALL GAME

A practice football game was pulled off Tuesday afternoon on the High School field between the second team of the school and the Burbank team. It was not a very exciting event, the final score being 13 to nothing in favor of Glendale. As reported by one of the Glendale bunch, "Carroll Whitaker made the first touch-down for Glendale and kicked the goal himself. Max Price made the second touch-down on a fumble by Burbank. Whitaker failed to kick the goal. The four first team men were then put in and Burbank quit after the first down."

A TRUE CALIFORNIAN

Mrs. James R. Turner of 120 S. Glendale avenue is leaving Thursday for Chicago for the purpose of disposing of property which she and Mr. Turner own there. When the sale is effected she will pack up all personal effects remaining there and bring them to Glendale. Mr. Turner says she is now "burning her bridges behind her and becoming a true Californian." It will be remembered that she was homesick for her old abiding place and friends the first year she was here, but one visit effected a cure and she is now as great an enthusiast about Southern California as is her husband. She expects to return inside of ninety days.

RECEPTION TO BELGIAN ROYALTY

Glendale officials are working out the details of the reception to be given King Albert and Queen Elizabeth of Belgium when they pass through our city Friday morning at eleven o'clock and full details will be published in the Glendale Evening News tomorrow. Meanwhile citizens are asked to display the Stars and Stripes and any flags of the Allies which they may possess or be able to borrow. Also to send or telephone to the City Hall lists of Belgian citizens who should be in the special booth reserved for the people of that nativity, as it would be a most fitting way to honor the King and Queen. The places where school children and other groups are to assemble will be announced tomorrow.

JOHN LOUIS ELKINS, JR.

Mr. and Mrs. David Hibben of 123 East Laurel street again are grandparents and are very happy in the additional honor. Tuesday night, Oct. 14, 1919, their daughter, Mrs. J. L. Elkins, gave birth to a fine boy at the home of her sister, Mrs. Kemper Campbell, on Brand boulevard. The youngster will be called John Louis Elkins, Jr., a name which has descended to him through four generations. Mr. and Mrs. Elkins reside in Long Beach, but the young mother has been the guest of her parents and sister the past month.

COLLISION ON SAN FERNANDO ROAD

Tuesday evening, about eight o'clock, at the junction of San Fernando Road and Los Feliz boulevard, one of the San Fernando busses collided with an automobile driven by Arnold Alexander, of 1612 Hooper street, Los Angeles. There were said to have been fourteen passengers in the bus, but only one, a woman, was hurt. She was taken to the Burbank hospital.

Mrs. Montgomery on Central avenue is the hostess this week of the Midsummer Bridge Club which has not yet received its permanent name.

Stanley Valentine of South Glendale avenue is confined to his bed from illness resulting from a fall he experienced during the school vacation.

Mr. and Mrs. Harry Wilson, who now reside on Wilson avenue, opposite the Intermediate School, are the delighted parents of a little daughter, born Monday, October 13, 1919.

Mrs. E. E. Harwood, wife of the principal of the Cerritos Avenue School, substituted Tuesday for a fifth grade teacher in Central Avenue School who wished to be relieved.

Mrs. E. B. Moore of South Maryland avenue and a party of eleven other singers connected with the Midnight Mission in Los Angeles went to Long Beach Sunday and sang in the People's Mission there.

Miss Ruth Palmer of 1008 East Colorado boulevard entertained with a house party last week-end. Those who enjoyed her hospitality were the Misses Irene and Alice Wright, Nellie Rowe, Hazel Walters and Faith Tarling.

"THANK GOD FOR AMERICA."

The discontent which too many Americans feel with their lot would soon disappear if they could come in personal contact with the situation of thousands of people in Central Europe.

Like the men of the American army, they would come home to thank God they lived in America hardly touched by the wasting and disintegrating influences of the late war.

A few high lights on the aimless wanderings of men, women and children whose moorings have been destroyed by the war and whose

features are clouded with every possible uncertainty were given in an Associated Press dispatch from Budapest a few days ago.

He told of seeing dozens of trains crowded to more than capacity with human beings of all ages. Where they were going they did not know. Where they had come from they had almost forgotten.

The trains themselves were filthy beyond words. Running without oil, they creaked and rocked over the rusty rails. There was little to eat on board. Sickness and disease was everywhere. The blessed light of hope was gone.

"All Central Europe," he said, in summing up the situation, "seems on the move."

What Contractor Shall I Choose?

THIS IS A QUESTION ASKED BY EVERY MAN WHO PLANS THE BUILDING OF A HOME. HE REALIZES THAT THIS IS THE MOST IMPORTANT DECISION THAT CONFRONTS HIM IN HIS VENTURE.

IN SELECTING A MAN FOR THIS WORK HE WANTS:

ONE WHO IS FINANCIALLY RELIABLE

ONE WHO HAS A REPUTATION FOR GOOD WORK AND FOR CARRYING OUT THE TERMS OF HIS CONTRACTS HONESTLY.

ONE WHO HAS HAD A WIDE EXPERIENCE IN BUILDING AND DESIGNING AND IS NOT LIABLE TO ERROR THROUGH IGNORANCE.

ONE WHO IS CAPABLE OF DESIGNING A BUILDING OR MAKING SUGGESTED CHANGES IN PLANS ALREADY ADOPTED.

THESE ARE SOME OF THE THINGS A PROSPECTIVE BUILDER WANTS IN THE MAN OR FIRM TO WHOM HE GIVES THE CONTRACT TO BUILD HIS HOUSE. WE DO NOT SAY THAT WE EMBODY THESE CHARACTERISTICS—WE POINT TO THE SCORES OF HOMES, SCHOOLS, HOUSES, CHURCHES AND OTHER PUBLIC BUILDINGS IN GLENDAL E AND THROUGHOUT SOUTHERN CALIFORNIA THAT WE HAVE BUILT. THOUGH MUTE THEY SPEAK LOUDLY FOR US.

Bentley-Built Houses Are Homes

Bentley-Built Homes are made to suit the individual needs of the owner and are substantially built of good materials.

They are as far superior to the ordinary houses built to sell as the finest tailored clothes excell the shoddy ready made suit—the difference between a house and a home.

Our Home-planning and Home-Building service show the prospective Home Builder just what his house will look like and be like and how much it will cost. Our service appeals to the man and woman who want to own their own home and want their individuality expressed in their home.

This is the reason so many Bentley-Built Homes are taking form in Glendale

WOMEN'S CLUB OPENS

(Continued from Page 1)

on a similar occasion. She said: "At the opening of the club one year ago the world was in a state of absolute chaos, engaged in the deadliest war of all history, and within that same year came the armistice. Now we are endeavoring to bring about such a condition that wars shall be no more. Can we as women of intelligence do anything less than give our aid to reach a satisfactory solution? Shall we not give the League of Nations serious consideration? (Applause). We as a nation are strong in many ways and perhaps this may be the appointed time when the little shell of our selfishness is cast off and we assume more of the world's burdens. This question along with the economic and social unrest of the country is momentous and needs consideration on the part of everyone. It is the intention of the program committee that at least some of the vital questions of the day shall be discussed here by those who are competent to present them. The committee has many things planned for your pleasure and instruction."

Mrs. Tower directed attention to the artistic cover of the year book which, she said, was the idea of the second vice-president, Mrs. Freeman Kelley, and carried out in a design made by a student in the High School Art Department.

Relative to the work of the future, she said:

"For the past two years we have given ourselves unreservedly to the great cause as the financial report of the club shows, but now, with the great need for such things gone, surely we will not be called selfish if we turn our thoughts back to our own affairs and try to brighten the prospects for a permanent club house. (Applause). Mrs. Charles Temple, first vice-president and chairman of ways and means, tells me she would like to see some definite plans made. I wonder if the club would empower the Board to sell the two lots we already own and with the money realized purchase two contiguous lots, for no organization such as ours would be satisfied with a club house on a small lot."

"Everything in civic betterment needs our attention, also all things for the alleviation of suffering and both Mrs. Meeker and Mrs. Clark will be glad to receive donations for the work they represent."

"According to present plans our children are to give the Christmas party for the little ones at the Day Nursery. We hope to give them a good time and to give them a little of the Christmas spirit. It is the

desire of my heart that we not only give them this little party, but that we teach our children again that it is more blessed to give than to receive and see that each child has some little gift other than candy to take home. (Applause).

"Let us keep wide-awake and abreast of the times and put some of our time and energies into the altruistic movements of the day. As more emigrants come to our shores greater will be the need to carry forward the great Americanization movement. How much better to make good Americans of them when they come than to let them form hotbeds of discontent and revolution."

The address closed with the following anonymous quotation:

"Believe in yourself. Believe in humanity. Believe in the success of your undertakings. Fear nothing and no one. Love your work. Work, hope, trust. Keep in touch with today. Teach yourself to be practical and up-to-date and sensible, and you cannot fail." (Applause).

Just preceding the address, Miss Crump set forth the extension work of the University of California, particularly the courses likely to be undertaken in Glendale.
